

Agora Announces Schedule and Speaker Lineup for RTE2020

October 7, 2020

RTE2020 will offer two days of dynamic speakers, learning sessions and a virtual afterparty produced with Virbela

SANTA CLARA, Calif., Oct. 7, 2020 /PRNewswire/ -- [Agora, Inc.](#) (NASDAQ: API), a real-time engagement (RTE) platform-as-a-service provider, today announced the speaker schedule and program for its premier virtual conference [RTE2020](#) on October 13-14, 2020. The lineup for the free conference, themed around *Building the Future of Real-Time Engagement - Together*, is now available at [rte2020.agora.io](#).

Programming on Oct. 13 will focus on *What's Trending* topics, including speeches and panels about opportunities for product and developer teams to bring people closer together worldwide. On Oct. 14, *Community Day* programs will empower attendees to improve hands-on skills and launch their businesses during Startup 101 sessions and more.

"Our physical and digital worlds are converging in truly unique ways that enable meaningful, global engagement," says Reggie Yativ, Chief Operations Officer and Chief Revenue Officer at Agora Labs Inc. "For RTE2020, we've laid out an ambitious agenda featuring some of the brightest minds reimagining how we live, work and play together. We look forward to collaborating with all our speakers and attendees on the future of virtual, real-time engagement."

Agora is partnering with [Virbela](#), an immersive technology platform, to host a virtual afterparty and capture the socially engaging conference environment. The afterparty, hosted on Virbela's platform, will allow guests to create customized avatars and socialize in a dynamic metaverse complete with drinks and dancing.

"In today's new reality, businesses and event organizers are looking to recreate the human connection and spontaneous social interaction one gets with in-person events," said Marko Stankovic, VP of marketing at Virbela. "We're excited to partner with Agora to bring RTE2020 to life as a virtual event and provide attendees with a unique experience to explore, network, and socialize as they would in the real world."

Ranging from media and entertainment, to education and gaming, hear from business leaders at some of today's most innovative companies including Scener, The Meet Group, and Talkspace to learn how they are leveraging RTE in their mobile, web and desktop applications. See below for an overview of key sessions or visit [rte2020.agora.io](#) to see the full schedule and [register](#) for free.
