

Agora and Wipro Announce Partnership to Power Real-Time Engagement Through Voice and Video Services

May 5, 2021

Partnership to provide advanced RTE services and further real time communication efforts for Wipro

SANTA CLARA, Calif., May 5, 2021 /PRNewswire/ -- [Agora, Inc.](#) (NASDAQ: API), a pioneer and leading platform for real-time engagement APIs, today announced a partnership with [Wipro](#), a leading global information technology, consulting and business process services company, to power the company's real-time engagement (RTE) and communication solutions. Through the partnership, Wipro furthers its commitment to fast, high-quality, and reliable real-time voice and video capabilities.

"We're excited to partner with Wipro to deliver truly engaging experiences through voice and video," said Reggie Yativ Agora Chief Operations Officer and Chief Revenue Officer. "More and more companies are looking for RTE enabling technologies, which is driving rapid growth in global demand across all industries. Our partnership with Wipro will unify and extend our ability to help companies around the world better engage with their customers and partners."

Agora is allowing people to connect with RTE from anywhere, in ways that capture meaningful human interactions for all who seek them out. Through the partnership, Wipro will embed Agora's streaming video and voice solution in various practices to enhance the "real time" experience for users. This includes leveraging the Agora platform to implement Augmented Reality (AR) into applications to be able to deliver information to workers at the moment they need it. Developers will be provided with simple-to-use, customizable and widely compatible APIs to embed real-time video and voice into their solutions and elevate user experiences.

"The way that the world engages within work environments is going through a fundamental shift, and we are looking to connect our workers and customers in ways that was not previously possible," said Michael Vollmer, General Manager, Apple and Interactive Experience, at Wipro Limited. "The future of work is real-time engagement, so we are thrilled to partner with Agora as we continue innovating and developing the next-generation applications."
